VUNDIO EARN

Vundio Earn is a aggregator that aggregates all wealth creation programs on the market regardless of CeFi or DeFi. Users can view, search and select programs with diversified APYs according to their personal risk preferences.

APP USES

Vundio Wallet makes it easy for you to securely store, send and receive coin or tokens. It also allows you to interact with Web 3 decentralized applications (DApps) powered by Venom. You remain in control of your private keys, which are stored only on your device using Secure Element technology. We never have access to your funds.

- **Web3 DAPP Browser**
It allows to access Web 3 Decentralized Applications (DApps) powered by Venom smart contracts, BSC and many more. Discover and access popular DApps.
- **Crypto Payments**
Users can send cryptocurrency payments to anyone, anywhere in the world.
- **Other features :**
 - Users can see the current price of assets in wallet in local currency
 - Automatically add popular ERC20 tokens and ERC721 collectibles to wallet
 - Browse Web 3 DApps such as decentralized exchanges, social media, games & collectibles, jobs, marketplaces, crowdfunding and more.
 - Backup and restore wallet using standard 12-word BIP39 recovery phrases (compatible with MetaMask and Cipher)
 - Sign messages cryptographically with private key
It's our mission to bring the power of cryptocurrency and decentralized applications to as many people as possible.

Token Uses :

- **IEO/ IDO LaunchPad** : Users having chance to get airdrop on every IEO/ IDO launchpad events.
- **Low fees** : low fees for every mint-buy-sell transactions on Vundio NFT Marketplace.

APP USES

Key Utilities

Fees & Discounts

Users may use VU1 for fees and discounts on the Vundio products and services including but not limited to:

- discounts on purchasing Vundio Hardware Products including wallets and accessories
- discounts on the swap and trading services within the App
- fees for submissions to the Vundio repository
- fees for publishing AD banners within the App
- fees for DApps ranking within the DApp store
- fees for customized hardware wallet solutions
- fees for future services such as the collectible marketplace

Ecosystem

VU1 will be the key driver of the Vundio Open Platform to provide open-sourced hardware wallet solution for the industry so that developers can:

- integrate QR code communication protocol into their systems (Dapps, wallets, etc.) to easily onboard secure and user-friendly hardware wallet solutions
- build custom applications based on the Vundio hardware architecture and utilize the solution in diversified user cases such as F2U

Staking Rewards

Vundio users can stake VU1 to yield extra interests from the Vundio Earn programs.

VUNDIO'S FIRST COLLECTION SERIES IS WARHOL

The holders of Vundio's NFT will experience advantages, as there will be Vundio Dapps introduced, enabling trading, swapping, and expanding cryptocurrency portfolios. This allows holders to earn rewards through daily, weekly, or special tasks. Additionally, staking the NFT can yield higher APY. Furthermore, holding Vundio NFTs provides opportunities to participate in our future platform's ICO / IDO.
